Jane Henney, Commissioner
Food and Drug Administration
Docket # 00P-1211/CP1
5630 Fishers Ln., Room 1061 (HFA-305)
Rockville, MD 20852

November 13, 2000

Dear Ms. Henney:

I am writing in support of the Center for Food Safety's petition requiring caution in the development of genetically engineered foods.

It is essential that no new genetically engineered foods or products with genetically engineered ingredients be released until the Food and Drug Administration require long-term safety testing of all genetically engineered foods before they go to market.

In addition, all genetically engineered foods presently on the market must be labeled. Consumers need to have the right to know what is in the food they are eating.

Thank you for your time and attention,

Liz Skillman
New York City
